Re: Application for Permit to Drill
BDCDGU 2234 Well No. 342P

Gentlemen:

Enclosed please find an approved copy of the above-referenced drilling permit. Upon review of Amoco Production Co.'s Bravo Dome Unit Agreement and the Unit Contraction Files, this office is aware that certain lands within this 640-acre proration unit may change in the future. In light of this information, this letter will serve as a Condition of Approval for the well and that Amoco Production Co. will be responsible for filing applications for a non-standard proration unit on this well when the changes occur.

Should you have any questions pertaining to these matters, please contact me at this office.

Sincerely,

A handwritten signature in black ink, appearing to read "Roy E. Johnson".

ROY E. JOHNSON,
Sr. Petroleum Geologist

REJ/dr
