I have at hand your description of the manner in which your Nunn-Wallis No. 1 was cased, NWNW, Section 30-20N-36E, Union County.

This explanation is satisfactory except that you should have filed it on a C-103 together with the information you previously filed on a C-103.

Dear Mr. Utz.

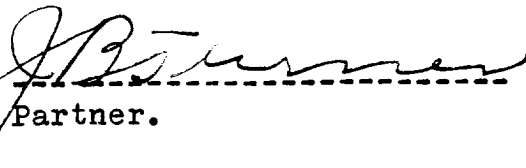

Am in receipt of your letter dated December 17.

The following day after your visit our driller filled in around casing with mud completely sealing first water. Halliburton cemented seven inch casing to 611 feet which came within fifty feet of top of ground, after drilling out plug we hit a small amount of water at 635 feet which we are now putting in casing and will advise you as soon as same is completed.

Around the well has been all cleaned up and is in fine shape, it was in a bad condition when you was here.

Wishing you a Merry Xmas and Happy New Year.

Sincerely
Richard L. Nunn & Company

Partner.
