Dear Ms. Teschendorf:

Reference is made to your telephone conversation and your letter of January 12, 1979 concerning the Irwin Wells. This Association will certainly cooperate with you as to proper capping, etc. of the oil wells. You have our permission to enter at your convenience provided growing crops are not on the oil well sites.

I am referring your letter and a copy of my letter to our Branch Manager in the Clayton office, Vice President Dale Shaffer, who will work directly with you and your contractor on when the work can be completed. I am instructing Vice President Shaffer to determine the locations of the wells relative to crops and will advise you accordingly.

If you have any other questions concerning such or additional information is needed we will be happy to cooperate with you.

Respectfully,

James W. Newman
President
