RE: Jim Hopson No. 1  
NESW Sec. 26-23N-35E  
Union County

Dear Mr. Turner:

I wish to acknowledge receipt of a set of samples which are marked to represent the interval 511-968'. These were received today. Although the well name is not given, I assume that they are from the Jim Hopson No. 1 well as the lower depth coincides with the total depth of this well.

This sample cut is quite small and in the future I would appreciate a larger representative sample for each ten foot interval, (to accomodate the State School of Mines log library).

Please let me know when you will resume work at the Clayton area. I suggest you file the necessary form for resumption of work at the Amistad well when your program is definite.

Very truly yours,

*E. A. Chavez*
