Dear Sir:

This will acknowledge receipt of your letter of February 21. Please find enclosed a number of forms C-102 and C-103 which should be sufficient for your immediate purpose.

Please be so kind as to submit again a report on setting casing, on form C-103, concerning your 8" string and any additional information you may have.

Thank you for advising us of your forthcoming 6" casing job. I will endeavor to visit your well this week if I can get away from the office. If I am not present to witness the later cementing job, I would appreciate your saving me a copy of Halliburton's report or pink-slip receipt.

Very truly yours,

EUGENE A. CHAVEZ,
Geologist

ATT: Mr. E. A. Chavez

Dear Mr. Chavez:

This will acknowledge receipt of your letter of February 7th, regarding our C-103 (Report on setting casing).

We do not have available a form for the report at this time but will secure one and forward it to you without delay.

In the meantime, please be advised that the 8 inch casing was landed. We contemplate using 6 inch casing which will be cemented in by the Halliburton Cementing Co and we are sure we will get a satisfactory water shut-off.

We will advise your office when this work is completed which should not be later than next week.

We trust the above will meet with your satisfaction.

Yours very truly,

RICHARD L. NUNN & CO.
