Dear Sir:

Please find enclosed your approved copy of Oil Conservation Commission Form C-101 relative to Notice of Intention to Drill the above captioned well.

In the future it is proper that all five copies submitted be accompanied by five copies of the surveyor's plat. Similarly, since this is a proven gas field and wells now are development drilling wells it is pertinent and imperative that the ground level elevation of each well be included in the surveyor's plat. I suggest that elevations be computed for the Gruemmer No. 1 and 2 wells at the next opportunity.

Very truly yours,

EUGENE A. CHAVEZ
