In re: Gruemmer Indian Carbonic, Ltd.

ATTENTION: Mr. Eugene A. Chavez
Oil and Gas Inspector
Dist. No. 4

Gentlemen:

I have finally had a chance to talk to Mr. Gruemmer about his No. 1 Gruemmer in the above development. It seems that gas was struck and the well completed just a day or two ago. While Mr. Gruemmer could make a report on this now, he tells me that a Shell Oil Company geologist will be at the well on Monday, January 18, to test and check the matter. His report will give you a much better picture, on the form C-103, than Mr. Gruemmer is able to give at this time. I shall be sending the completed form, then, early next week.

Very truly yours,

Robert S. Skinner
