Re: Sketchley Rio Grande Community  
Well No. 1, SW/4 SE/4, Section  
5, Township 6 North, Range 1 East,  
Valencia County, New Mexico

Gentlemen:

A recent field inspection indicates that the subject well has long since been abandoned and that it has never been plugged as required by the Rules and Regulations of the Oil Conservation Commission. Further, the file on this well contains no approved plugging report.

We must call on your company, as surety on the plugging bond for this well, to properly plug the subject well in accordance with Commission Rules and Regulations within sixty (60) days.

If you have any questions regarding a plugging program, please contact Mr. James E. Kapteina, District Engineer, P. O. Box 871, Santa Fe, New Mexico.

Very truly yours,

OLIVER E. PAYNE  
General Counsel
