

OIL CONSERVATION COMMISSION

P. O. BOX 871

SANTA FE, NEW MEXICO

May 8, 1958

Mr. H. Pearl Dennisson  
Stanley, New Mexico

Dear Sir:

Reference is made to your request for additional time in which to commence work on the plugging operations of the Ringle 1 and 3 Wells located in Section 34, Township 6 North, Range 4 East, Valencia County, New Mexico, which you made when you were in the Commission Office on May 6th, 1958, and discussed the matter with myself and Mr. W. J. Cooley, Attorney for this office.

While the granting of additional time in which to plug the wells and the delay in consummating this matter is undesirable, we are inclined, under the circumstances, to grant an extension of time until June 1st in which to complete the work. Please advise this Commission at the earliest possible time if you are unable to complete the work by this date so that other arrangements may be made to plug the wells.

Very truly yours,

Daniel S. Nutter  
District Engineer
