Gentlemen:

Your company, as surety, executed two \$2,500.00 One-Well Plugging Bonds on behalf of Cecil S. Ringle, individual, covering the following described location:

NE/4 NE/4 Section 34, Township 6 North, Range 4 East, NMPM, Valencia County, New Mexico. (Ringle No. 1 Well located 990 feet from the North line and 1650 feet from the West line of said Section 34.)

SW/4 NE/4 NW/4 Section 34, Township 6 North, Range 4 East, NMPM, Valencia County, New Mexico. (Ringle No. 3 Well, located 330 feet from the North line and 1980 feet from the West line of said Section 34.)

The bond for the first location described above was executed on March 4, 1946. The other location is covered by a Rider, dated July 2, 1947, which amended the location set forth in the basic bond (USCC No. U-414670-4721), dated September 25, 1946.

Both of the above-described wells were completed as dry holes. These holes have never been plugged as required by the Rules and Regulations of the Oil Conservation Commission of New Mexico.
