Cecil S. Ringle \$2500 Sec. 34-6N-4E

Gentlemen:

With reference to your letter of August 5th, one of the subject wells was converted to a water well for the use of the landowner. We have given the proper affidavit forms to be completed to Mr. Dennisson, the contractor, and they have not been returned to us.

The other well was plugged and abandoned; however, approval of the plugging report will be contingent upon an actual physical inspection of the location which has not as yet been made.

When the affidavit has been returned to us and an inspection made, we will be in a position to cancel these bonds.

Very truly yours,

Daniel S. Nutter Chief Engineer
