

Memo

From

EUGENE A. CHAVEZ
Geologist

To
on this week, my letters to Lynch
of Aug. 18 & Sept. 4 & his geologists
reply, to the first letters dated Aug. 26.
We've given him a decent enough
chance to comply as stated in
mine of the 4th of Sept.

You may have to write him (if it
develops into a "show cause") at the
two addresses listed in my letter
of Sept. 4 & perhaps in care
of the ~~Brown Palace~~ Hotel, Denver.

P.S. Lynch is concerned by 10,000 blank b.m.s.
So we shouldn't have to deal with the concerned
Mrs. McCormick.

To Dr. H.,

I talked to Dick concerning
the Lynch outfit in Valencia and
& suggested we lower the boom
on Phil Lynch & he thought likewise
since a "show cause" hearing involves
a lot of preliminary convening
etc. prior to the actualocketing
& hearing perhaps we should
start the ball rolling. I shall
be gone on vacation for the
next couple of weeks so perhaps
you might handle this. I refer
you to the last correspondence
