Mr. Kelly Bell  
200 Wilkinson-Foster Bldg.  
Midland, Texas 79701

Dear Sir:

This will acknowledge receipt of Form C-105 for your Sam Laroe Well No. 1 and the "Affidavit of Responsibility: Conversion to Water-well" for your Fernandez-Montoya Well No. 1, both in Colfax County, New Mexico. On the computer printout which you returned there was a notation that the Sam Laroe well was plugged and abandoned and the Fernandez-Montoya well had been converted to a water well.

Kindly complete and submit to this office the reports required to close our files on these two wells. Needed are Forms E-103 stating final disposition - in the case of the Laroe well, Subsequent Report of Plug and Abandonment; and with respect to the Fernandez-Montoya well, compliance with Paragraph 5 of the "Affidavit of Responsibility."

Attached is a copy of Section D from Oil Conservation Commission Regulations for your guidance. An early reply will be appreciated.

Yours truly,

CARL ULVOG, Senior Geologist  
Oil & Gas Inspector  
District IV.

Dear Sir:

This will acknowledge receipt of your C-103 for your  
San Laro Well No. 1 and the "Affidavit of Responsibility:  
Conversion to Water-well" for your Fernandez-Montoya Well  
No. 1, both in Colfax County, New Mexico. On the com-  
puter printout which you returned there was a notation  
that the San Laro Well was plugged and abandoned and the  
Fernandez-Montoya Well had been converted to a water well.

Kindly complete and submit to this office the reports  
required to close our files on these two wells. Included  
are Forms C-103 stating final disposition - in the case  
of the Laro Well, subsequent report of plug and abandon-  
ment; and with respect to the Fernandez-Montoya Well,  
compliance with Paragraph 5 of the "Affidavit of Responsi-  
bility".

Attached is a copy of Section 5 of the Oil Conservation  
Commission Regulations for your guidance. An early reply  
will be appreciated.

Yours truly,

DAVE LAYTON, Senior Geologist  
Oil & Gas Inspector  
District IV
