Mora County, New Mexico
Our L-5020

Dear Mr. Ulvog:

By your January 21, 1977 letter, you advised that Wood Oil Co.'s temporary abandonment permit had expired, but that we would not need to apply for an extension for the time being. You advised further that the Commission had automatically extended the Temporary Abandonment permits for all wells of this type until Oct. 1, 1977, unless a specific order was entered prior to that date.

Would you please advise if it is necessary for Wood Oil Company to file a Sundry Notice and Report (your Form C-103) or any other reports to be filed at this time regarding the captioned well. The status of this well is the same as it was in January when you last advised us.

If there is need for any form to be completed and returned to you, please send us the proper form(s) as we do not have any in our files.

Our postage-paid envelope is enclosed for your convenience in replying.

Thank you.

Very truly yours,

WOOD OIL COMPANY
