Subject: [EXT] Tres Equis State 2H (30-025-40183)

All,

We had a produced water release at the above named lease. A poly line that was used for water transfer developed a hole and released onto location. The leak was stopped and the line was repaired. None of the approximately 10 bbls were recovered. We will remove the impacted soils and sample to confirm delineation.

The C-141 and a spill calculation spread sheet is attached.

Respectfully,

Christine Alderman
