Ms. Ager,

The NMOCD has reviewed and accepts the closure request for the Chistera 32 State 1H (1RP-5338) release.

Note: this determination by the Oil Conservation Division does not relieve Operator of responsibility should future information indicate a threat to ground water, surface water, human health, or the environment. Furthermore, it does not relieve Operator of responsibility for compliance with any federal, state, or local laws and/or regulations.

Thanks for your time and attention remediating this release,

Best,

Dylan Rose-Coss
