Santa Fe, New Mexico 87505

SUBJECT: Saga Petroleum Todd Pit site – Near Milnesand, N. M.

Dear Mr. Price:

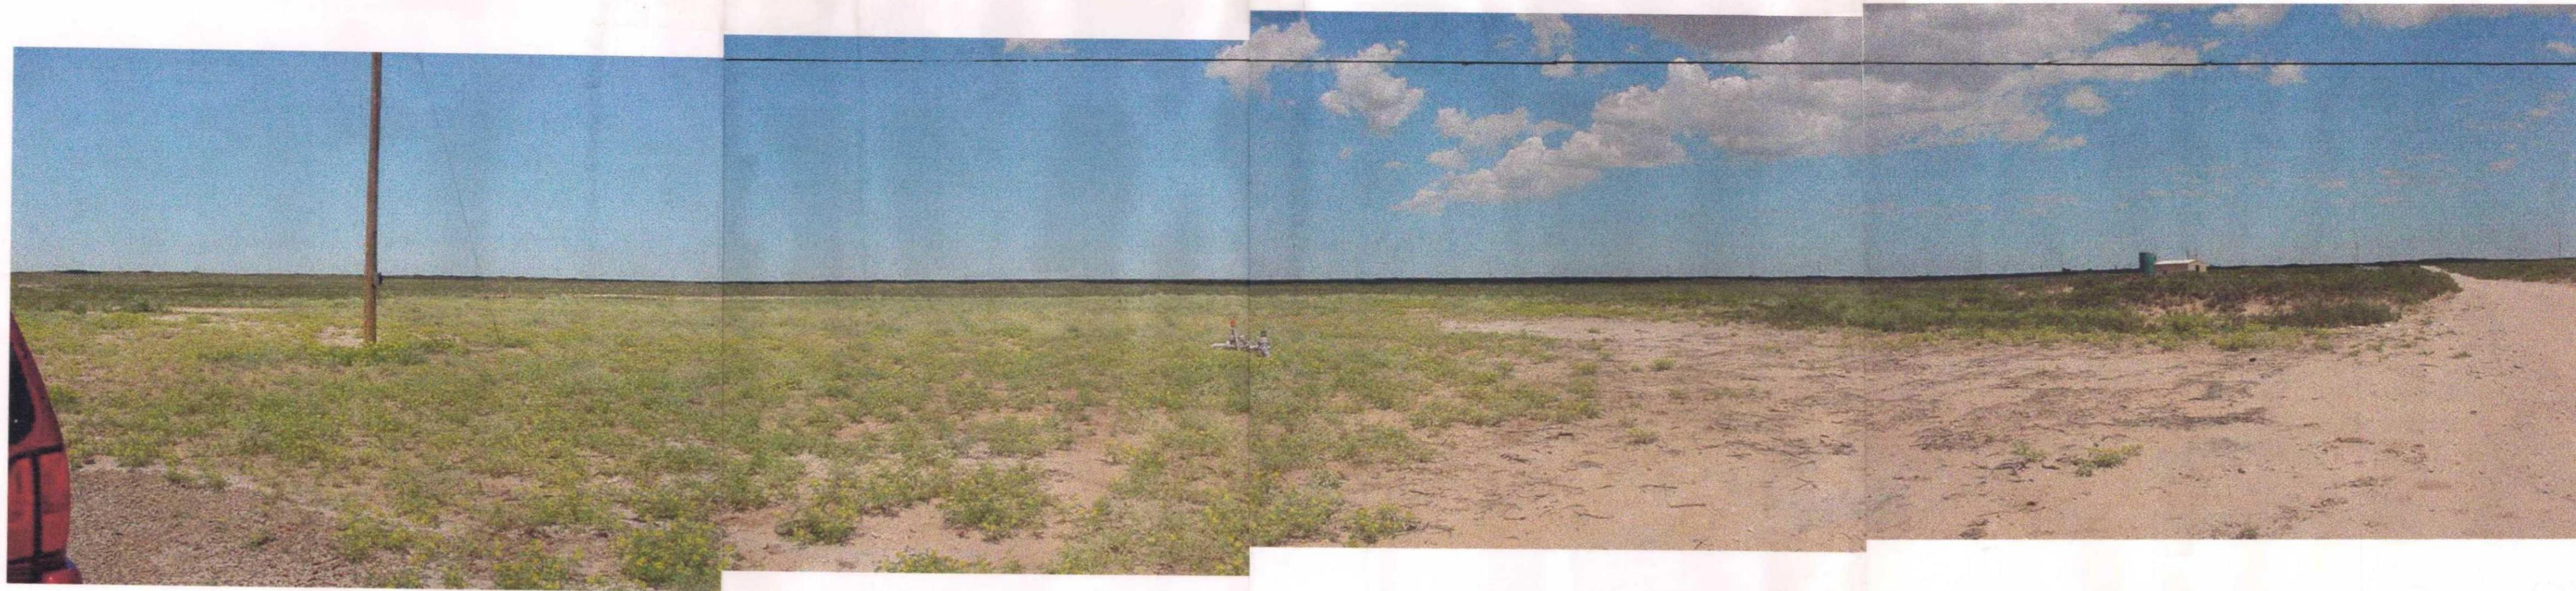

Included in this mailing is a panoramic photo of the site previously occupied by the "Todd Pit". This photo simply confirms that all debris has been hauled from the site and that it is in "pristine" condition.

For your information, work to clean up and restore the land occupied by the Saga U.D. Sawyer SWD pit, 5-1/2 miles east of Crossroads, is scheduled to begin Tuesday, September 3, 2002.

I can be contacted at 915-682-3547 (office), 915-528-5716 (cell) or by email at [allstateenv@aol.com](mailto:allstateenv@aol.com) if you should have any questions regarding these two sites.

Sincerely,

C. H. Kerby

**Price, Wayne**

RECEIVED  
MAR 12 2002  
Environmental Bureau  
Oil Conservation Division

Dear Mr. Price:

Included in this mailing is the closure report for the Saga Petroleum Todd Lower San Andres Unit Pit in Roosevelt County, New Mexico. As indicated in the report, the preliminary work (sampling) was begun in early May of 2001 with the bulk of the activities (excavation, confirmatory sampling, encapsulation, re-vegetation) completed in late May and early June.

Any concerns or questions regarding this site may be addressed to Randy Offield, Allstate Environmental Services, at 915-682-3547 or his e-mail address at [allstateenv@aol.com](mailto:allstateenv@aol.com).

Sincerely,

C. H. Kerby for Randy Offield
