OCD has received the final closure reports and work plans for the above listed sites and hereby approves. Please provide OCD a photo of each closed site with a Lat/Long reading taken from the approximate center of the site. Once OCD receives this information we will issue a "No further Action Required".

Please be advised that NMOCD approval of this plan does not relieve (Dynegy) of liability should their operations fail to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD approval does not relieve (Dynegy) of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Re: **Site # 05, Pipeline Spill Remediation Closure Denial**
UL-I, Sec.24, T22S-R37E, Dated: January 30, 2003, Larson & Associates, Inc.

Dear Mr. Wrangham,

The New Mexico Oil Conservation Division (OCD) has reviewed the closure proposal submitted for Dynegy, by Larson & Associates, and referenced above. **OCD hereby denies** the proposal according to the information provided. The "Ranking Criteria" is 10 because groundwater is 54-69 ft. in that section.

If you have any questions or need any assistance call: (505) 393-6161 x113 or email: psheeley@state.nm.us
