Was this a major release as defined by 19.15.29.7(A) NMAC? ☐ Yes ☒ No	If YES, for what reason(s) does the responsible party consider this a major release?				
If YES, was immediate no Not applicable.	otice given to the OCD? By whom? To who	m? When and by what means (phone, email, etc)?			
	Initial Ro	esponse			
The responsible	party must undertake the following actions immediatel	vunless they could create a safety hazard that would result in injury			
X The source of the rele	ease has been stopped.				
X The impacted area ha	as been secured to protect human health and	the environment.			
X Released materials ha	ave been contained via the use of berms or c	likes, absorbent pads, or other containment devices.			
X All free liquids and r	ecoverable materials have been removed and	d managed appropriately.			
If all the actions describe	d above have <u>not</u> been undertaken, explain	why:			
has begun, please attach	a narrative of actions to date. If remedial of	emediation immediately after discovery of a release. If remediation efforts have been successfully completed or if the release occurred clease attach all information needed for closure evaluation.			
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to OCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the OCD does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to groundwater, surface water, human health or the environment. In addition, OCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
