	Initia	l Response
The responsible p	party must undertake the following actions imme	rdiately unless they could create a safety hazard that would result in injury
■ The source of the rele	ease has been stopped.	
The impacted area ha	s been secured to protect human health	and the environment.
Released materials ha	ave been contained via the use of berms	s or dikes, absorbent pads, or other containment devices.
All free liquids and re	ecoverable materials have been remove	ed and managed appropriately.
If all the actions described	d above have <u>not</u> been undertaken, exp	lain why:
Per 19.15.29.8 B. (4) NM	AC the responsible party may commer	nce remediation immediately after discovery of a release. If remediation
has begun, please attach	a narrative of actions to date. If reme	dial efforts have been successfully completed or if the release occurred C), please attach all information needed for closure evaluation.
		o the best of my knowledge and understand that pursuant to OCD rules and
		e notifications and perform corrective actions for releases which may endanger the OCD does not relieve the operator of liability should their operations have
		a threat to groundwater, surface water, human health or the environment. In or of responsibility for compliance with any other federal, state, or local laws
and/or regulations.
