**Subject:** [EXT] Extension Request- James Ranch Unit #034 (2RP-5553)

All,

XTO is requesting an extension for the current deadline of October 8, 2019 for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at James Ranch Unit #034 (2RP-5553). The release was discovered July 10, 2019. Initial site assessment began August 15, 2019. The fluids were released to the power line Right of Way (ROW). A Right of Entry (ROE) Permit was submitted to the State Land Office (SLO). Approval for access from the SLO is still pending. To provide enough time for further site assessment, remediation work, and the completion of a remediation work plan or closure report, XTO requests a 90-day extension of the current deadline to January 4, 2020.

Thank you,
