Was this a major release as defined by 19.15.29.7(A) NMAC?	If YES, for what reason(s) does the responsible party consider this a major release? Volume of produced water released exceeds 10 bbl as defined by NMAC 19.15.29.7 (A).					
X Yes No						
	otice given to the OCD? By whom? To ve Hobbs district office by phone at 10:05 of	whom? When and by what means (phone, email, etc)? on Monday September 7, 2020.				
	Initial F	Response				
The responsible party must undertake the following actions immediately unless they could create a safety hazard that would result in injury						
X The source of the release	ase has been stopped.					
X The impacted area has	s been secured to protect human health and	the environment.				
X Released materials have been contained via the use of berms or dikes, absorbent pads, or other containment devices.						
X All free liquids and rec	coverable materials have been removed an	d managed appropriately.				
If all the actions described	d above have <u>not</u> been undertaken, explair	why:				
has begun, please attach	a narrative of actions to date. If remedia	remediation immediately after discovery of a release. If remediation l efforts have been successfully completed or if the release occurred please attach all information needed for closure evaluation.				
		e best of my knowledge and understand that pursuant to OCD rules and				
		tifications and perform corrective actions for releases which may endanger OCD does not relieve the operator of liability should their operations have				
failed to adequately investigate and remediate contamination that pose a threat to groundwater, surface water, human health or the environment. In addition, OCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws						
and/or regulations.	Ta C-141 report does not refleve the operator C	responsibility for compliance with any other rederal, state, or rocal laws
