**Subject:** [EXT] (Depth to Water Confirmation) COG-SRO 5 State Com #506H & 507H (8/14/19) 2RP 5717 - Notification  
**Date:** Friday, September 18, 2020 9:03:40 AM

---

COG - SRO 5 State Com #506H & 507H  
Unit "I/L", Section 32/33, Township 25 South, Range 28 East  
32.08505°, 104.10065° West  
NMOCD Reference No. 2RP-5717  
Eddy County, New Mexico

To Whom It May Concern,

To address the groundwater depth, COG installed two boreholes on 9/16/20 in the vicinity of the investigation area to determine the depth to water in the area. The GPS borehole locations are 32.083426, -104.101340 and 32.086230, -104.101083. As OCD recommends, the boreholes will remain open for 72 hours prior to gauging the borehole for the presence of groundwater. We are tentatively schedule to gauge the borehole Monday morning (9/21/20). Once gauged, the boreholes will be plugged by the licensed driller. Let us know if you would like to be present to witness the gauging.

Thank you,

Ike Tavaréz, PG
