Re: Incidents NJXK1619033991 (1RP-4340) and nKJ1521954222 (1R-3791)

Sear Amber,

After careful review and discussion with you on the telephone to clarify some issues of the previous deferral on one of the releases at this location. The Oil Conservation Division (OCD) APPROVES CLOSURE of both identified incidents. This is noted in data base as of today. It may take a bit of time for it to be uploaded to image file, but it is closed in data base.

Please keep a copy of this communication, as no PAPER copy will follow. OCD appreciates your efforts.

Sincerely,

Bradford Billings
EMNRD/OCD
E.Spec.A

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
