Gentlemen:

Mr. Maynard Blumer, representing the Tri-State Insurance Company of Tulsa, Oklahoma has requested that I obtain the information on how you wish to have the well plugged that was drilled by the Hawaiian New Mexico Oil Venture, Well No. 1 located in the SW- $\frac{1}{4}$ of the SW- $\frac{1}{4}$, section 27, T-7N, R-4W, Valencia County.

The insurance company does not know the depth of the well, how much of any casing was set, nor do they have a log of the well, and they assume this information is on file in your office.

Please advise.

Very truly yours,

Harold P. Doty
