Dear Sirs:

Re: Franks-LaRoe No. 1 well
SE 1/4 S. 19, T. 27 N. R. 22 E. NMPM
Colfax County, N. M.

Sixty feet of 8-7/8 surface casing was set in the captioned well on May 14, and cemented with 20 sacks of cement.

After some delay because of rig trouble we are now drilling at 260'.

Will keep you advised and I believe that we shall open a new oil field in New Mexico with this well.

Yours very truly,

Willard C. Franks

P. S. Would be glad to have you stop by at any time you may be in the vicinity.
