

This form is to be filed with the appropriate District Office of the Division not later than 20 days after the completion of any new well, or deepened well. It shall be accompanied by a summary of all observations and measurements taken in the well and a summary of all reports received, including drill stem tests. All depths reported shall be measured depths. In the case of directionally drilled wells, true vertical depth shall also be reported. For multiple completion items, through 34 shall be reported for each zone. The form is to be filed in quadruplicate in the state land, where six copies are required, see rule 1155.
