ATTN: ROY JOHNSON

Dear Mr. Johnson:

On February 26, 1985 we sent to you the C-105 on the Salado Dome Federal Unit # 1, where we inadvertently put the numbers for the "OIL OR GAS SANDS OR ZONES" in the spaces for "IMPORTANT WATER SANDS".

Enclosed is the corrected copy of this form. Please excuse this mistake.

Cordially,

Harrison W. Pace
Project Coordinator
