INSPECTION REPORT

18 April, 1952

BAKER & TAYLOR DRILLING CO.

Re: O. D. Smith No. 1
SW-NE Sec. 15-7N-22E
Guadalupe County

On this day I visited the above captioned well which was drilling satisfactorily at 1415', at 12:00 o'clock noon. The status of this well is of a confidential nature so that formation tops and lithology encountered will be reported at a later date.

Cuttings samples are being collected and a cut of some will also be available to the Commission.
