

Plugging program approved by
phone 3/15/66 Dan Miller to H.R. Harris.

Artes well in Guadalupe Co.

330' 4950' 4-11 N-25 E

TD 1221

10 sk at surf — mud

35 sk at 600 — mud

35 sk at TD

marker at top

(This program slightly amended from one earlier given: 10 sk at surf, 25 sk at 300, 35 sk at 700 and 35 sk at TD because well may be released to rancher later on for water well. moisture encountered at 550 while drilling w/ air)
