Re: CO₂ Gas Well Drawdown Tests

Attention: Mr. John W. Adams

Gentlemen:

Reference is made to your letter dated October 19, 1977, requesting authority to conduct deliverability tests on five carbon dioxide wells in Township 21 North, Range 30 West, NMPM, Harding County, New Mexico.

We recognize that these tests are necessary in view of the long period of time the wells have been shut in. You are, therefore, hereby authorized to produce the following wells for a maximum of five (5) days and to vent the produced gas to the atmosphere.

✓ Neill, Gallager No. 1, Unit ^NB of Section 9
Adams & McGahey, Minerals No. 1, Unit B of Section 16
Adams & McGahey, Gonzales A No. 1, Unit H of Section 32
Adams & McGahey, Gonzales No. 2, Unit P of Section 9

It must be understood that conducting these tests is at the sole risk of the operator, and the Oil Conservation Commission in authorizing same accepts no responsibility for any consequence resulting therefrom.

Inasmuch as the State Land Commissioner has cancelled the state lease upon which State Well No. 1 in Section 27 is located, we cannot approve testing of this well unless you obtain such authority from the Land Commissioner.

Yours very truly,

JOE D. RAMEY
Director
