WBDCDGU #15 1980' FNL & FWL, Sec 29, T-19-N, R-29-E.
WBDCDGU #16 1980' FNL & FWL, Sec 21, T-18-N, R-29-E.

The above wells have been scheduled for remedial stimulation work in the near future and it will be necessary to vent CO₂ to the atmosphere during followup testing. The work is tentatively planned to begin during the week of July 24, 1989.

If you need any further information on this matter, please contact me at (915) 685-5822.

Respectfully Yours;
