Dear Mrs. Connor:

Please find enclosed a copy of the State Bureau of Mines and Mineral Resources log #2294 on the Waddell & McFann #1 De Baca well. I personally and arduously typed same so that accounts for the "good" (?) typing job.

I intended to stop by and see you last week and lend you our copy of the log but circumstances prevented my doing so.

Very truly yours,

EUGENE A. CHAVEZ,
Oil & Gas Inspector - District #4

Oil and Gas Inspector, District 4
Oil Conservation Commission
Post Office Box 871, Santa Fe, New Mexico

Attention: Mr. Eugene A. Chavez

Dear Mr. Chavez:

Please send us a log and casing report on the Waddel & McFann Well,
Harding County, Bueyeros CO₂ area, drilled in 1939 on the Norman
Libby land. This well was about 1760 feet deep.

Any information you can give to us will be appreciated.

Yours very truly,

ICECO, INCORPORATED
