RE: N.M.O.C.C. Case No. 3295
Order No. R-2970-A - Re Powers-
Marshall Company Well No. 1,
Harding County, New Mexico
Bond No. 75993

Dear Mr. Ulvog:

This will supplement my letter of August 25 in reference to your claim on the above captioned matter.

Our investigation and verification of coverage has required more time than had been anticipated. However please be assured that your claim is having our attention and that you will be hearing from us shortly.

For the record, we have been informed by our principal's former attorney that the well had been capped. We are currently trying to verify this information and any data of proof that you may have on this question of capping would be appreciated also any information on the costs for capping such a well and a list of operators or whether the commission has facilities for capping wells would also be appreciated.

Very truly yours,

K. J. Donnelly, Attorney
