

OIL CONSERVATION COMMISSION

P. O. BOX 871

SANTA FE, NEW MEXICO

-2-

Inspection Report

I talked with Mr. Frank Andrada, the plant foreman, at his home in Mesquero and he revealed the fact that the plant was in operation until October 14, 1954. Mr. Andrada said also that operations were now suspended in anticipation of the installation of a new gas compressor at which time the operator expected to resume plant production again.
