Mr. C. W. Tabor
549 West Washington Blvd.
Chicago, Illinois

Dear Sir:

I took a volume test on Cole Man Gas Company,
Healy and Appel Well No. 1, F. C. De Rosa Lease, Sec. 31,
T. 30N, R. 31E.

After opening the well wide open on 8 5/8 opening
and blowing for four hours the test showed the well to be
making 3,125,000 ft. of CO₂ Gas as of January 19, 1949.

Test made by Roy O. Yarbrough, State Oil & Gas
Inspector. Witnesses by Clyde E. Neill and O. H. Stevens.

Very truly yours,

Roy O. Yarbrough
Oil & Gas Inspector

Mr. C. W. Taylor
440 West Washington Blvd.
Chicago, Illinois

Dear Sir:

I trust a volume test on Cole has been completed.
Hester and Apple Hill No. 1, C. W. Taylor, Sec. 21,
T. 20S, R. 21E.

After opening the well wide open on 2/8 opening
and allowing for four hours the test showed the well to be
losing 2,112,000 lbs. of gas as of January 19, 1941.

Some more of the C. W. Taylor, Sec. 21 & 22
Inspector. Witnessed by Clyde R. Hall and C. W. Taylor.

Very truly yours,

Clyde R. Hall
