Re: Brooks Exploration Incorporated
#1 E. R. Julian Gas Well
Mora County, New Mexico

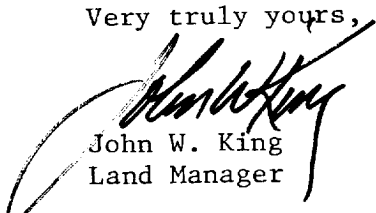

Dear Mr. and Mrs. Creecy:

Pursuant to my telephone conversation with Mrs. Creecy of August 24, 1982, I am enclosing five copies of New Mexico Oil Conservation Division form number C-104 which have been completed as required to effect the change of ownership of the above captioned well from Brooks Exploration Incorporated to Carson H. Creecy, Sr.

It is necessary for you to obtain a plugging bond to be posted with the State of New Mexico Oil Conservation Division in the amount of \$5,000.00 to insure proper plugging and abandonment when the well ceases to produce. Your insurance agent will be able to assist you in obtaining this bond. The bond premium should be from approximately fifty to one hundred dollars per year. When you obtain the bond, five executed copies of form C-104 should be filed for approval with the Oil Conservation Division at P. O. Box 2088, Santa Fe, New Mexico 87501. When the Oil Conservation Division has approved the transfer and accepted your bond, Brooks Exploration Incorporated will file a release of the Oil and Gas Lease.

Should you have any questions regarding this matter you may contact me at the above telephone number or Carl Ulvog at the Oil Conservation Division in Santa Fe at 827-2434.

Very truly yours,

John W. King
Land Manager
