Dear Sir:

In answer to your letter of August 20, 1951, as well as the follow-up of your conversation with Miss Nancy Royal of September 11, regarding the above captioned well, or more specifically regarding the plugging bond on the above captioned well.

This will advise you that we do have a properly executed bond from Mr. Kayser for this location, but we do not have a properly executed transfer to Mr. H. J. Cox. Before Mr. Cox can operate this well, he will have to supply us with either the transfer or execute a new one - well \$5,000.00 bond. Before operations are begun at this location he should also file his Notice of Intention to Drill, C-102, stating the exact condition of the hole before his operation begins as well as his intentions as to the operation.

Trusting that this will supply you with the information needed, I am,

Very truly yours,

Elvis A. Ute

the plugging bond on the above captioned well.

This will advise you that we do have a properly executed bond from
Mr. Kayser for this location, but we do not have a properly executed
transfer to Mr. H. J. Cox. Before Mr. Cox can operate this well, he
will have to supply us with either the transfer or execute a new one-
well \$2,000.00 bond. Before operations are begun at this location
he should also file his Notice of Intention to Drill, C-105, stating
the exact condition of the hole before his operation begins as well
as his intentions as to the operation.

Trusting that this will supply you with the information needed, I am,

Very truly yours,
