

LAW OFFICE OF
TOM GORDON
PAXTON BLDG.
ABILENE, TEXAS

February 26, 1951

Mr. E. A. Utz
P. O. Box 871
Santa Fe, New Mexico

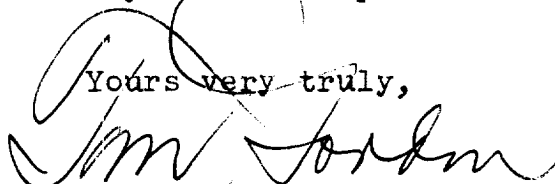

Dear Mr. Utz:

I am enclosing herewith a certified plat prepared by Coddard & Schmieding, Engineers, Tucumcari, New Mexico, showing the exact location of the I. A. STEPHENS - -Lee No. 1 well in Quay County, New Mexico.

As I told you during our recent telephone conversation, this shows the old hole that was started. In the event, the rotary can use such hole then the drilling contractor will do so, otherwise, he will be as close to the old hole as he can.

I view of the wire indicating suspension of drilling activity, I would prefer that you wire us again that we are free to proceed with drilling as soon as the rotary moves in upon the location.

Yours very truly,

Tom Gordon
