

February 28, 1951

Mr. Tom Gordon
Paxton Building
ABILENE, TEXAS

Dear Mr. Gordon:

RE: I. A. Stephens Lee No. 1 well,
NW 32-6N-30E, Quay County, N. M.

This will acknowledge receipt of your surveyor's plat and letter of transmittal of February 26.

At the present time we have not received the bond for the above-captioned well. It will therefore not be possible to release our shut-down order to you until this bond is received and approved in this office. You will remember that in our telephone conversation we definitely agreed that everything would be in order before operations were started. I have no idea what is delaying Mr. Daniels in processing this bond, but I would suggest that you get in touch with him immediately if you are anxious to get started in the near future.

Very truly yours,

ELVIS A. UTZ
