Dear Mr. Utz:

This will acknowledge your letter of February 6, 1951, regarding the captioned matter.

Although you stated in such letter that you were returning our Form C-101, same was not enclosed. Therefore, I have prepared and enclose a new application to drill and trust that same shows the proper location. My parties have forwarded the necessary information for plugging bond to Bob Daniels and Sons, Hobbs, New Mexico, and assume that by the time you receive this letter such bond will have been received and approved by you. A surveyor's plat will be forthcoming within a short time.

Should you desire any additional information regarding this proposed well, please advise.

Yours very truly,

Tom Gordon
