Re: #1 Reeve Chappell  
Sec. 18, T12N-R30E

Dear Mr. Kapteina:

We would appreciate receiving a release on our plugging bond, which we supplied your office before we drilled the Reeve Chappell well #1, Section 18, T12N-R30E, San Miguel County, New Mexico.

To the best of our knowledge, we have complied with all of the requirements of New Mexico with regards to the plugging of this well.

I trust everything is fine with you and hope that other operators in your state are having better luck with their drilling projects than we have.

With best regards, I am,

Sincerely,

  
H. R. Sidwell

HS/bd
