RULE 202. PLUGGING AND ABANDONMENT

X B. TEMPORARY ABANDONMENT

No well in this state shall be temporarily abandoned for a period in excess of six months unless a permit for such temporary abandonment has been approved by the Division. Such permit shall be for a period not to exceed one year and shall be requested from the appropriate District Office of the Division by filing Form C-103 in triplicate. No such permit shall be approved unless evidence is furnished that the condition of the well is such as to prevent damage to the producing zone, migration of hydrocarbons or water, the contamination of fresh water or other natural resources, or the leakage of any substance at the surface.

The District Supervisor of the appropriate District Office of the Division shall have authority to grant one extension to the permit for temporary abandonment. Such extension shall not exceed one year and shall be requested in the same manner as the original permit for temporary abandonment. No extension shall be approved unless good cause therefor is shown, and evidence is furnished that the continued condition of the well is as described above.

Upon expiration of the permit for temporary abandonment and any extension thereto, the well shall be put to beneficial use or shall be permanently plugged and abandoned, unless it can be shown to the Division after notice and hearing that good cause exists why the well should not be plugged and abandoned, and a further extension to the temporary abandonment permit should be issued. Prior to issuing such "further extension," the Division may at its option require the operator of the well to post with the Division a one-well plugging bond for the well, in an amount determined by the Division to be satisfactory to meet the particular requirements of the well.

RULE 1103. SUNDRY NOTICES AND REPORTS ON WELLS (Form C-103)

Form C-103 is a dual purpose form to be filed with the appropriate District Office of the Division to obtain Division approval prior to commencing certain operations and also to report various completed operations.

A. Form C-103 as a Notice of Intention

Form C-103 shall be filed in TRIPLICATE by the operator and approval obtained from the Division prior to:

- (1) Effecting a change of plans from those previously approved on Form C-101 or Form C-103.
- (2) Altering a drilling well's casing program or pulling casing or otherwise altering an existing well's casing installation.
- (3) Temporarily abandoning a well.
- (4) Plugging and abandoning a well.
- (5) Performing remedial work on a well which, when completed, will affect the original status of the well. (This shall include making new perforations in existing wells or squeezing old perforations in existing wells, but is not applicable to new wells in the process of being completed nor to old wells being deepened or plugged back to another zone when such re-completion has been authorized by an approved Form C-101, Application for Permit to Drill, Deepen, or Plug Back, nor to acidizing, fracturing, or cleaning out previously completed wells, nor to installing artificial lift equipment.)

X X (3) Report of Temporary Abandonment

A report of temporary abandonment of a well shall be filed by the operator of the well within ten days following completion of the work. The report shall be filed in TRIPLICATE and shall present a detailed account of the work done on the well, including location and type of plugs used, if any and status of surface and downhole equipment, and any other pertinent information relative to the overall status of the well.

RE: Dan Trigg Well # 3
Field: Bravo Dome
County: San Miguel, NM

Gentlemen:

Our records show that your company took over the above listed well at casing point. Roy Johnson, with the OCC in New Mexico, called requesting that a C-105 or a C-104 form be filed for this well, with an electrical log. Also a C-104 needs to be filed requesting change of ownership. If you have any questions, please contact Roy Johnson, (505) 827-3260.

Yours truly,

DeeAnn Kemp
