Dear Sir:

Pursuant to our conversation regarding the two Roberts wells, Aaron and McCune, I am forwarding reports 108 on each of these wells and a 103 on the McCune as well as the electric logs on both wells.

Thanking you for your consideration in this matter and hoping that this will take care in full of this matter and that it will release Mr Roberts on his bond on these two wells.

As to filling these pits, in both cases the landowners wished that they be left, the McCune so that Mr Hays could use the mud and the Aaron so that Mr Lucero could use them for reservoirs, both requests were made in Mr Chavez's presence and OK'd by him at the time.

Yours truly,

Mark Whelan.
