Attention: Carl Olvog

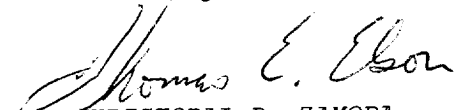

Gentlemen:

Reference your inquiry of June 12, 1978 as to the present status of the so-called "Ortiz Well" on Rowe Mesa.

This well was drilled as an oil well in 1954 in the SW'4NW'4 of section 8, T14N, R12E NMPM, more specifically located as 2096 feet from the north line, and 444 feet from the west line of section 8.

It was converted, on permission from the State Engineer, to a water well, was developed, and is now used for that purpose.

Sincerely,

CHRISTOBAL B. ZAMORA
for Forest Supervisor
