Re: William Sedberry Well #1
Unit B, Sec. 25, T-17-S, R-16-E,
San Miguel County, New Mexico

Gentlemen:

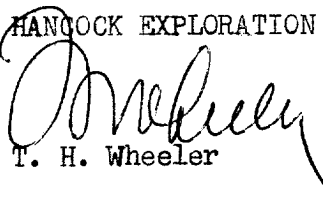

Referring to our request of April 24, 1959, wherein you granted permission to place the captioned well on a temporarily abandoned status to October 18, 1959, please be advised our Company has not at this time been able to complete the final details and arrangements for drilling of another well near the vicinity of the subject well, as more fully outlined in our request of April 24. We, therefore, request our Sedberry #1 well be placed on a temporarily abandoned status for an additional six months until all the remaining details for the drilling of the second well can be completed.

Should your office require Conservation Commission Form C-102 to support our request, please advise and same will be forthcoming.

Any consideration you may extend to our request for an additional extension of time will be very much appreciated.

Yours very truly,

JAMES D. HANGOCK EXPLORATION COMPANY, LTD.
