SWNE Sec. 28-T17N-R18E
San Miguel County

Dear Sir:

Please find enclosed your approved copy of Oil Conservation Commission Form C-103, reporting on spudding and surface casing job. There is a slight discrepancy as to the correct spud date which I wish you would clarify for the record. You list the well's having spudded on April 1, 1954 but I was informed at the well and from the drillers' record that it was spudded on April 4, 1954, which date I reported to the Southeast New Mexico scout check and which I assume is being accepted. This sounds incidental but we may as well get it correct right away.

Very truly yours,

EUGENE A. CHAVEZ,
