Re: Horton Well No. 2
A-32-11N-7E, Santa Fe County, New Mexico

Dear Mr. Boren:

As you are aware, this agency has requested that this well be plugged back according to our rules and regulations before we can approve the conversion of this well to a water well.

Should we not receive any written correspondence from you by May 15, 1986 on your intentions to plug back this well, a forced plugging case will be set at our next examiner hearing. A result of this hearing will result in forfeiting your bond in order that this agency may plug back this well.

Should you have any questions pertaining to this matter, please contact me at this office.

Sincerely,

ROY E. JOHNSON,
Sr. Petroleum Geologist
