FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

back

We propose to plug this well to 600 feet to obtain commercial production of water for irrigation purposes. This well will be plugged back to 600 feet in such a manner as to not endanger the section in which this well is drilled below 600 feet. As soon as the above outlined work is accomplished, proper report will be made to the Oil Con. Comm. so that the bond now on this well may be cancelled.
