

Memo

From
CARL ULVOG
Chief Geologist

To Diane

Mr. J. Kemmling
of Travelers
3035 NW 63rd St
Okla. City OK 73127

wants to know status of following
Energy Oil & Gas Corp #1 Slicker
I-3-24N-24E, Union Co., N.M.

It was officially completed as shut-in
gas well on Oct. 16, 1977. Initial volume
595 mscf of CO₂. Well appears to be
in that condition with no production reported.

Obviously, there is no attempt of
operator to have bond cancelled. But do

See attached & return for
Oil Conservation Division
P.O. Box 2088 Santa Fe, N.M. 87501 well file.
